

Big Trucks Were the Big Draw at Millstone Township Fire Company's 'Touch A Truck' Event

More than 700 people – kids and adults alike – gathered on the grounds of Millstone Primary School for a chance to get up close to fire trucks, dump trucks, and farm and construction equipment at Millstone Township Fire Company's September 30 Touch A Truck event. The event also featured demonstrations, food, and a chance to talk to Millstone firefighters. "This event was so much fun, both for the community and for fire company members," said Millstone Township Fire Company President Scott Bice. "We can't wait to do it again next year."

Millstone Township Fire Company thanks the Millstone Township School District for use of the Primary School grounds to hold the event.

Various organizations helped make the event a tremendous success. They include: Hunter Jersey Peterbuilt, Millstone Township Dept. of Public Works, Clayton Concrete, Allentown High School – Future Farmers of America, Asprocolas Acres, Freehold Cartage, Northeastern Building Supply, New Jersey Forest Fire Service, Waste Management, DeFalco's Towing, Millstone Township First Aid Squad, New Jersey State Police, NJ Fire Sprinkler Agency, Millstone Township School District, Paul's Signs, and Vesuvio's Pizza.

"A sincere thank you to all involved," said Bice. For more information about Millstone Township Fire Company, or to join, please visit www.millstonefire.com.
