MOMENT OF SILENCE – Led by Chairman Eric Davis

GUESTS – Roz Ressler, Earth Friendly Organic Farm and Mike Diehl, Farm Manager (Clarksburg). Ms. Ressler has approached the EC to have the Township certified to be a member of Sustainable Jersey and learn more about what the organization has to offer. Board Secretary investigated and found out from Pam D’Andrea we never went for the certification. When Jim Pickering was here, he asked Pam to attend some classes to find out what was involved. Pam performed a baseline to see how many points the Township had without doing anything extra that was required on the certification guidelines. We had a high score initially which bodes well for the Township In order to become certified as Jersey sustainable, the schools, Places of Worship, Community, businesses need to be involved and a committee must be formed representing all of those areas (and More).... it is more than just filing some paperwork, it involves many aspects of the community. Pam states she provided the information needed and it never went any further than that. Ms. Ressler states Millstone needs a “Green Team”. Board Secretary was instructed to forward information with a letter to our Liaison Committeeman Dorfman to confirm the Township initially had a Resolution and that the EC will pursue Millstone Township being certified. The EC would also like to invite Committeeman Dorfman to our July 8 meeting. We will also contact Marlboro for input.

Resident Complaint – Mark and Chandelle Spargo

22 Parkside Way

Millstone Township, NJ 08535 – Resident contacted Chairman Davis someone dumped 12-15 auto tires on Nurko Road, 100 yards East of its corner with Imlaystown Road. It was later found out that the DPW removed these tires. The EC will investigate if Millstone has a litter ordinance. A lengthy conversation followed about what can be done. The EC will draft reminders to be put on PEG channel, website and monthly newsletter that we have laws against littering and will prosecute and fine offenders if caught. An idea would be to reward an informant if they witness littering – this would entail obtaining license plate, photos, etc. that would hold up in Municipal Court
