**A Message from the  
Monmouth County Board of Health Department  
Stroke Signs and Symptoms**

During a stroke, every minute counts! Fast treatment can reduce the brain damage that stroke can cause.

By knowing the signs and symptoms of stroke, you can be prepared to take quick action and perhaps save a life - maybe even your own.

**Acting F.A.S.T. Is Key for Stroke**

Acting F.A.S.T. can help stroke patients get the treatments they desperately need. If you think someone may be having a stroke, act F.A.S.T. and do the following simple test:

- F - Face:** Ask the person to smile. Does one side of the face droop?
- A - Arms:** Ask the person to raise both arms. Does one arm drift downward?
- S - Speech:** Ask the person to repeat a simple phrase. Is their speech slurred or strange?
- T - Time:** If you observe any of these signs, call 9-1-1 immediately.

**Note the time when any symptoms first appear.** Some treatments for stroke only work if given in the first 3 hours after symptoms appear. Do not drive to the hospital or let someone else drive you. Call an ambulance so that medical personnel can begin life-saving treatment on the way to the emergency room.

If your symptoms go away after a few minutes, you may have had a transient ischemic attack (TIA). Although brief, a TIA is a sign of a serious condition that will not go away without medical help. Tell your healthcare team about your symptoms right away.

Unfortunately, because TIAs clear up, many people ignore them. Do not be one of those people. Paying attention to a TIA can save your life.

# RECYCLING

**Official Notice:** To Residents and Businesses of Millstone Township

Recycling is mandated by the State, County and Municipal Statutes.

Millstone Township must continue to recycle to meet aggressive recycling goals set by the State and County. As the Deputy Recycling Coordinator of the Township, my responsibility is to continue to strive to meet those goals by aggressively enforcing Township ordinances. Random inspections within the Township resulted in citations being issued for lack of compliance with Chapter 19, SOLID WASTE MANAGEMENT, of the Revised General Ordinances, Township of Millstone. Some brief passages from this section follow:

"It shall be mandatory for all persons, who are owners, lessees, or occupants of residential property, to separate newspapers, glass bottles and jars, tin and bi-metal cans, plastic containers, aluminum cans, corrugated cardboard and electronics as hereafter defined from all other solid waste produced by such residence for collection and ultimate recycling of materials.

**Solid waste:** Solid waste shall mean and include all garbage and rubbish normally produced by the occupants of commercial, industrial and residential property and disposed of by private or public pick-up.

**Proof of collection service:** Proof of collection service shall mean a written record, log, bill or document evidencing receipt of service for the collection of solid waste for the preceding month from a person lawfully engaging in private solid waste collection services within the Township.

**Violations and penalties:** Any person, firm or corporation who violates or neglects to comply with any provision of this section or any rule or regulation promulgated pursuant thereto, shall be liable to the penalty stated in Chapter I, Section 1-5. (Fines could be as much as \$2,000.00 for non-compliance).

**Note:** Court appearance may be required for summons.

I urge you to continue to do your part in keeping Millstone Township clean and to show that we are an "Environmentally Concerned Community".
