

Green Leaf Pet Resort to Host Massive Canine Carnival Fundraiser Event

Millstone Twp, NJ - June 1, 2022: New Jersey-based luxury canine getaway, Green Leaf Pet Resort, is partnering with big names in the pet care industry to raise money for a cause we can all get behind. CentraState Healthcare Foundation, the focal point of our initiative, is a local accredited 501c foundation dedicated to providing exceptional healthcare to our community, especially in light of the pandemic. On Saturday, June 25, 2022, from 12 PM to 6 PM, Green Leaf Pet Resort's Millstone location will be hosting thousands of animal-loving attendees at our *Canine Carnival – Paws for a Cause* event to give back and give thanks for all they do.

Our *Canine Carnival - Paws for a Cause* event includes big name sponsors in the pet care industry such as Purina, Veterinary Clinics of America (VCA), and Fi, as well as other generous local sponsors. Together, we will donate 100% of the proceeds earned to CentraState Healthcare foundation to support their mission to the community.

Admission is free and all furry, fuzzy and feathered friends are encouraged to attend. Among the several attractions are carnival games, doggie dock-diving, lure courses, NJ-State Police K9 Demonstration, food trucks, vendor tables, face painting, and more, all accompanied by live musical performances throughout the day (from Turnstyles and RockNRoll Chorus, hosted by well-known MTV personality DJ Skribble). A highlight of our day will surely be our raffle prizes, one of which being a 2022 Crosstrek lease donated by our sponsors at All American Subaru of Old Bridge. Canine enthusiasts will be supported by VCA's mobile triage unit and "Ask-A-Vet" station, along with Fi's Microchip Station.

"We're happy we can give back," says Shelly Leibowitz, Green Leaf Pet Resort's co-founder and owner. "We believe in what CentraState does for *our* community, our spouses, our relatives and our children. We're both foundations built on love."
